JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

ence of the prevailing fever at Pascagoula, and to make an inspection of Moss Point and Scranton, Miss., reported:

Have inspected places named in Bureau wire, 23. Nothing at present. Have been about 1,000 cases of fever, mild type. Universal opinion of physicians not yellow fever. * * *

Have begun *Stegomyia* investigation. Will take couple of days to complete it; present in Scranton in quantities. Since last report have seen 3 cases of prevailing fever; positively not yellow fever.

November 24, 27, and 29. Acting Assistant Surgeon Hicks reported that on each of these dates there was 1 new case of yellow fever at Vicksburg, Miss.

ASIATIC CHOLERA IN EUROPE.

November 11. Passed Assistant Surgeon McLaughlin, Berlin, Germany, reported:

No cases of cholera have been reported in the German Empire since October 17, 1905. Galicia is also cholera free, according to the report of the Imperial health office.

In Russia, from October 22 to 25, according to the Russian commission, 6 new cases of cholera were reported in the Vistula territory.

Of these 3 cases were in Lodz, 1 in environs of Lodz, 1 in Lomja, and 1 on a raft lying near the city of Plozk. The latter case had already ended fatally before publication.

Four suspected cases were reported on October 28 in Lodz and the district of Pultusk (government of Warsaw).

According to another report the diagnosis of cholera was established in 2 new cases and 4 fatal cases in the city of Warsaw during the week from October 17 to 24.

November 28. Assistant Surgeon Foster, on duty at Trieste, Austria, was directed to rejoin his station at Naples and informed that the Department of State will direct five days' detention of Russian emigrants.
